Game Shooting style, format to the day. You will travel around the 2500 acres of the estate's woodlands, moorlands and hillsides in 4 x 4's on off road tracks with breathtaking views – in places 360°.

High birds - Presented to guns, some from purpose built stands in woodland and on hillside drives, in ravines and stunning locations. Very good high pheasant, partridge and Grouse. Quality drives, very typical of mid Wales.

Rare opportunity - Shoot a variety of simulated Grouse drives over the 1000 acres of grouse moor. This will be very appealing to grouse shooters. Ask us about a grouse day and come and hone your skills.

Choose your day - We offer Corporate days or Exclusive private days. Game On can arrange Loaders/Instructors and Gun Hire for non shotgun certificate holders. Come and have a serious shoot or a fun day. Talk to us about your choices, we are happy to help.

All hospitality included - Full Breakfast, elevenses by the River Dee, 3 course lunch and afternoon tea at the House. Drinks served after every drive. Overnight accommodation is available at additional cost.

Come and enjoy - the scenic views of the estate, house and grounds in the Welsh mountains, beside the River Dee. Queen Victoria visited the Estate in 1889 and is quoted saying "We have arrived in paradise".

Crogen - Henry and Sarah provide a very warm welcome in their home and on the scenic estate which they manage with their young family. A popular team, very experienced in looking after shooting parties and a special venue with interesting history.

Game On - Experienced and careful Event Management team with the reputation of providing drive after drive of high quality simulated Game and great hospitality. We organise and manage your day – you relax

and enjoy it!

Game On are fortunate to be adding Crogen to our exclusive venue list.

It is an Estate with 2500 acres, set in an area of outstanding natural beauty in North Wales, encompassing mountains, moorland, forests and the fabulous River Dee.

This offers an extensive choice of drives, including over 1000 acres of Grouse Moorland. There is also an array of pheasant drives to include Woodland and High Pheasant, Partridge and the choice of many many more.

Once you get there, you are in your own world, free from stress of everyday living, with accommodation for up to 50 guns and guests in the Coach House, Cottage, Wing and other locations within the Estate boundaries.

"We have arrived in paradise" - Queen Victoria visiting the Estate in 1889.
